  - (a) must adjust the revenue and expenditure estimates downwards if there is material under collection of revenue during the current year;
  - (b) may appropriate additional revenue that have become available over and above those anticipated in the annual budget, but only revise or accelerate spending programmes already budgeted for;
  - (c) may, within a prescribed framework, authorize unforeseen and unavoidable expenditure recommended by the mayor of the municipality;
  - (d) may authorize the utilization of projected savings in one vote towards spending under another vote;
  - (e) may authorize the spending of funds that were unspent at the end of the past financial year where the under spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by council;
  - (f) may correct any errors in the annual budget; and
  - (g) may provide for any other expenditure within a prescribed framework.

### **DISCUSSION**

The adjustment budget is prepared to meet the Integrated Development Plan priorities as well as the strategic objectives of the Molemole Municipality. The Departments have been consulted to enhance the production of a credible balance budget. The limited funds available for the IDP priorities and strategic objectives. The IDP, as informed by the agreed strategies, is available and enhances alignment with the budget. Municipal budget and reporting regulations (MBRR) were promulgated on 17 April 2009 as per Government Gazette no. 32141. As part of the regulations an MBRR format is also prescribed in which Municipalities must submit the adjustment budget for adoption and/or approval, As Molemole complied with the MBRR format.

The special adjustment budget makes provision for all the functions and responsibilities of the Molemole Municipality as provided for in the 2023/2024 financial year.

**The following is a concise summary of the Special Adjustment Budget for the 2023/2024 financial year:**

**2. Operating Revenue** increased from **R333** million to **R343** million for 2022/23 financial year, which shows an increase of R 10 million as compared to the original budget.

### **2.1 Property rates**

The Budget for property rates was initially done on the gross basis which is before the discount or rebate applicable to different categories is applied instead of the net basis which is after the deduction of the rebate. A review was performed during the adjustment budget process to ensure that the budget is aligned to realistic budget. Therefore, property rates were reduced by R10 million.

### **2.2 Service charges**

The municipality did not adjust due inconsistency of consumer usage that lead to the reduction in actual performance. The load shedding had a negative impact on the usage. Management considers the fact that winter season is approaching which will have a positive impact on the usage.

### **2.3 Interest earned**

Interest on investment increased by R 500 thousand based on the current 2023/24 financial year investments the municipality has entered into. Currently the municipality invested R100 million with the expected return of about R2 million excluding the call investment deposit returns. The municipality to date have received R6 million in interest.

### **2.4 Transfers recognized – Capital**

The transfers increased from R60 million to R66 million due to additional funding received from Municipal Infrastructure grant (MIG).
