# MAYOR'S FOREWORD

## CLLR. MASILO EDWARD PAYA

Our Municipality is one of the smallest ones in the province in many ways, in surface area, population, number of business entities etc. This situation must never deter us from providing relevant and critical services to our communities and other stakeholders. We exist because of them and they do rely on us to provide and deliver relevant services. Section 156 of the Constitution of the Republic of South Africa, 1996, indicates that our municipality has executive authority in respect of, and the right to administer; any matters assigned to it by national or provincial legislation and Local government matters listed in Part B of Schedule 4 and Part B of Schedule 5.

Above all, an overwhelming number of activities relevant to us are provided by Section 84 of the Systems Act, 32 of 2000. It remains our prerogative, because this is where we can grow the business activities of the municipality that will ultimately allow us to create job opportunities in the private sector, by encouraging private sector investments. Job creation is key to fight poverty, encourage more skills to our communities and by so doing, put bread on the table to many in our communities. We need to establish by-laws that will attract investors to do business within our municipality.

Our endeavor must always be Delivery of Services, fight corruption and not just talk about it, avoid fruitless expenditure at all costs, ensure clean audit outcomes. This is part of the mandate assigned to us on the 01st November 2021 when we were elected.

**It is my task to work with Councillors elected from various political parties represented in the municipality. Our goal must always be our people that expect the best service delivery. I am impressed and encouraged with the gender representation in Council. ANC and EFF have 50% of women. I am encouraging other political parties to improve on gender representation.**

Despite the fact that, we are one of the smallest local municipality in the province, our staff members are the best, fit for purpose, highly skilled and relevant in managing our resources optimally. Leadership is recognized through hard work, skills displayed in executing their responsibilities. Our Municipal Manager, Mr. Maphala Mosena, was in the recent past in 2021, been elected to lead the Municipal Managers' Forum (MMF) of the Limpopo Province for the coming two years. We are elated, because this says much about his abilities and as the municipality we are going to take advantage of his availability with us. Congratulations once more to MM Mosena.

# SPEAKER'S FOREWORD

CLLR. DIKELEDI MATLOU

Our new term was preceded by the election of the 01st November 2021 that saw the demise of others and the rising of new kids on the political space. Others have remained the same and we do wish all of you the best next five years of this term. My role as the Speaker of Council, is set out in Section 37 of the Municipal Structures Act without any ambiguity; presiding at meetings of the Council; perform the duties and exercise the powers delegated to the Speaker by the Council.

I require the co-operation of all political parties represented in this Council, so that we are able to carry out the obligations of this municipality with aplomb. I am impressed that 16 of the 32 councillors are women and this represent an equal quota for both gender representation. This is a great achievement that women represent 50% of the councillors across all political parties represented in Council.

The Municipal manager and team have a role in which they implement the Council Resolutions taken within the prescripts of the law.

I urge Council to ensure that needs analysis is conducted for all the councillors, to be able to design and plan training programmes to capacitate all of us.

**“ LET US WORK TOGETHER TO DRIVE THE PROGRAMMES GEARED TO PROVIDE CRITICAL SERVICES ”**

Let us work together to drive the programmes geared to provide critical services to our communities and other stakeholders. I say let's reject Corruption, Fraud and other ills that are bedevilling various institutions and we should not be found wanting.

I welcome all, staff and councillors in this journey that began on 01st November 2021 while some councillors and other staff have been here before.

# CHIEF WHIP'S FOREWORD

CLLR. MASILO RATHAHA

We just came from a gruelling elections in which the election period was very short. This was preceded by uncertainties were ultimately resolved at the Constitutional Court, but here we are today, celebrating in different ways. My responsibilities are delegated by Council at all times. It is critical that my office ensures cohesion between the executive and legislative authorities of the municipality. Once again, I am so grateful to be re-elected to this position and I will continue to uphold the integrity of Molemole municipality Council.

Various training programmes will be planned in the course of this new term, to capacitate old and new councillors, to be able to carry out their responsibilities within their communities in which they reside.

**LET US MAKE THE NEXT FIVE YEARS AN  
ENJOYABLE PERIOD**

It is very importantly critical that all Councillors are up to speed, familiar with and observe Code of Conduct for Councillors. Some of the aspects, we will be ensuring that they do happen include; assist in smooth running of Council meetings, assist the Speaker to maintain order in council and to ensure that nominated and elected councillors participated fully in their respective committees.

It is our responsibility as councillors to serve our constituencies, ensure that the administrators perform their functions without any hindrance. Let us make the next five years an enjoyable period in which Service delivery becomes our biggest priority.

# MUNICIPAL MANAGER'S FOREWORD

MR MAPHALA MOSENA

As administrator of the municipality and on behalf of all of staff members, we remain focused in the implementation of Council Resolutions that are formulated within the confines of the Constitution, regulations and the by-laws. We are happy to see the new Council, after the 01st November 2021 local government general election that ushered in this Council. We will work in tandem with the Council, as our employers interested in carrying out its mandate.

Towards the end of the previous term, the existing Council went out to develop a strategic plan that we are ready to see its implementation. Relevant Council resolutions will effect to its implementation as it is geared to serve our communities and various stakeholders, who we hold dearly. The staff is ready and willing to run with the programs that are designed and funded within our mandate.

**WE WILL FOREVER OPERATE  
WITHIN THE LAW**

It is not the big size of the municipality that determines our efficient and effective delivery of services needed in the communities, but our eagerness is what counts most. All funded mandates are deliverable as long as we have staff members that are fir for purpose. We will forever operate within the law, regulations and by-laws governing this municipality.

As head of the administration and management, I am an employee of Council that is made up of all represented political parties. The elected political heads remain, become a direct reporting line to be able to execute the relevant resolutions. Let us walk together during this term and ensure we assist in fighting crime, corruption, fraud, and other ills that have become “cancer” in our society.

## **MOLEMOLE LOCAL MUNICIPALITY COUNCIL RE-ELECTS MAYOR COUNCILLOR MASILO PAYA**

Molemole Local Municipality officially inaugurated Cllr. Masilo Edward Paya as its new Mayor on Tuesday, 22 November 2021.

Cllr. Paya pledged his commitment to serving Molemole to loud applause and a standing ovation after the inaugural ceremony during the Council meeting.

“I continue as the Mayor of a Municipality that is financially sound and sustainable as per the latest audit outcome from the Auditor General of South Africa, and one that delivers a high standard of basic services; water, refuse removal and disposal, sewerage removal and treatment, electricity distribution and municipal road maintenance” said the Mayor.

This inaugural council meeting ushered in the new council of the municipality in which some councillors were not returned, while others were returned to continue with the business that they left behind in the previous term. The Council has thirty two (32) councillors; sixteen (16) of which are Ward councillors and the remaining sixteen (16) are PR councillors. These represents various political parties as follows: ANC twenty

two (22) seats; EFF six (06) seats, CICAf two (2) seats, CW one (1) seat and the DA one (01) seat. The Council also elected Executive Committee Chairpersons for Finance, Corporate Services, Technical Services, LED & Planning, Community Services and MPAC Chairperson.

Cllr. Paya, is one such public representative who is returned by his political party and was overwhelmingly, without being opposed, re-elected as the continuing Mayor of the municipality. This has become so handy that he will continue to implement the strategic plan that was carved at the end of the previous term. This was necessary and critical so that when the new term begins, time is never wasted.

This allowed the election of the political leadership of the municipality as provided for in the Structures Act and other relevant legislations. The Municipal Manager, Mr Maphala Mosena, presided over the election of the Speaker, Cllr. Dikeledi Matlou, who is fairly new in this role. The Speaker, after being inaugurated, proceeded to oversee the election of the new Mayor and the Chief Whip, Cllr. Masilo Rathaha, who were re-elected, to ensure compliance with the provisions of the Structures Act. The Speaker is responsible for ensuring oversight, accountability, integrity, the discipline of office and the efficient running of council meetings.

The newly elected Mayor, Cllr. Paya, was given the opportunity to address Council. He congratulated the new Speaker for her election and believed that, she will succeed in ensuring that her office diligently plays its oversight responsibilities. He further congratulated all sworn-in councillors, for agreeing to take an oath of allegiance to the Constitution of the Republic of South Africa and other related laws. He emphasised the need to heed the voters mandate to deliver basic services like water, electricity, housing, improved roads infrastructure, to name just a few. He showed great humbleness to once again be given an opportunity to be the political head of the municipality. "The previous council has indeed done a good job in trying to provide services to our people with excellence", said Mayor Paya.

**“ CLLR. PAYA PLEDGED HIS COMMITMENT TO SERVING MOLEMOLE TO LOUD APPLAUSE AND A STANDING OVATION ”**

Mayor Paya, emphasized that all these commitments, can only be achievable, if we work together as a united council, irrespective of our political affiliations. "Yes, we come from different political parties, but as a council we have to work together to advance the interest of the people of this municipality, said Cllr. Paya.

In conclusion, the Mayor said, Councillors must attend all of their respective portfolio meetings as assigned for an effective oversight over the administration. Officials of the municipality must not only observe their working hours, but they must also do their work diligently and to deservedly earn their salaries. We deserve a clean audit opinion and should forever strive for it, said the Mayor.

## MOLETJIE SATELLITE OFFICE OFFICIALLY OPENED IN GA-PHAUDI

On Tuesday, December 14, 2021, Mayor, Cllr. Masilo Edward Paya officially opened Moletjie Cluster office. According to Paya, the opening of the office will enable the municipality to provide improved basic service delivery to the communities in the area.

The municipality intends to approach relevant government departments to promote the idea of Multipurpose Centres, which will provide services at the door step of the residents. This will serve as a catalyst for the much needed economic activities of the area. The Mayor urges the community to work together with Magoši and the Municipality to bring great this idea to fruition.

“The coordination of services and humanitarian events may also be managed from this venue, thus it becomes an important cog of service delivery,” said Mayor Paya.

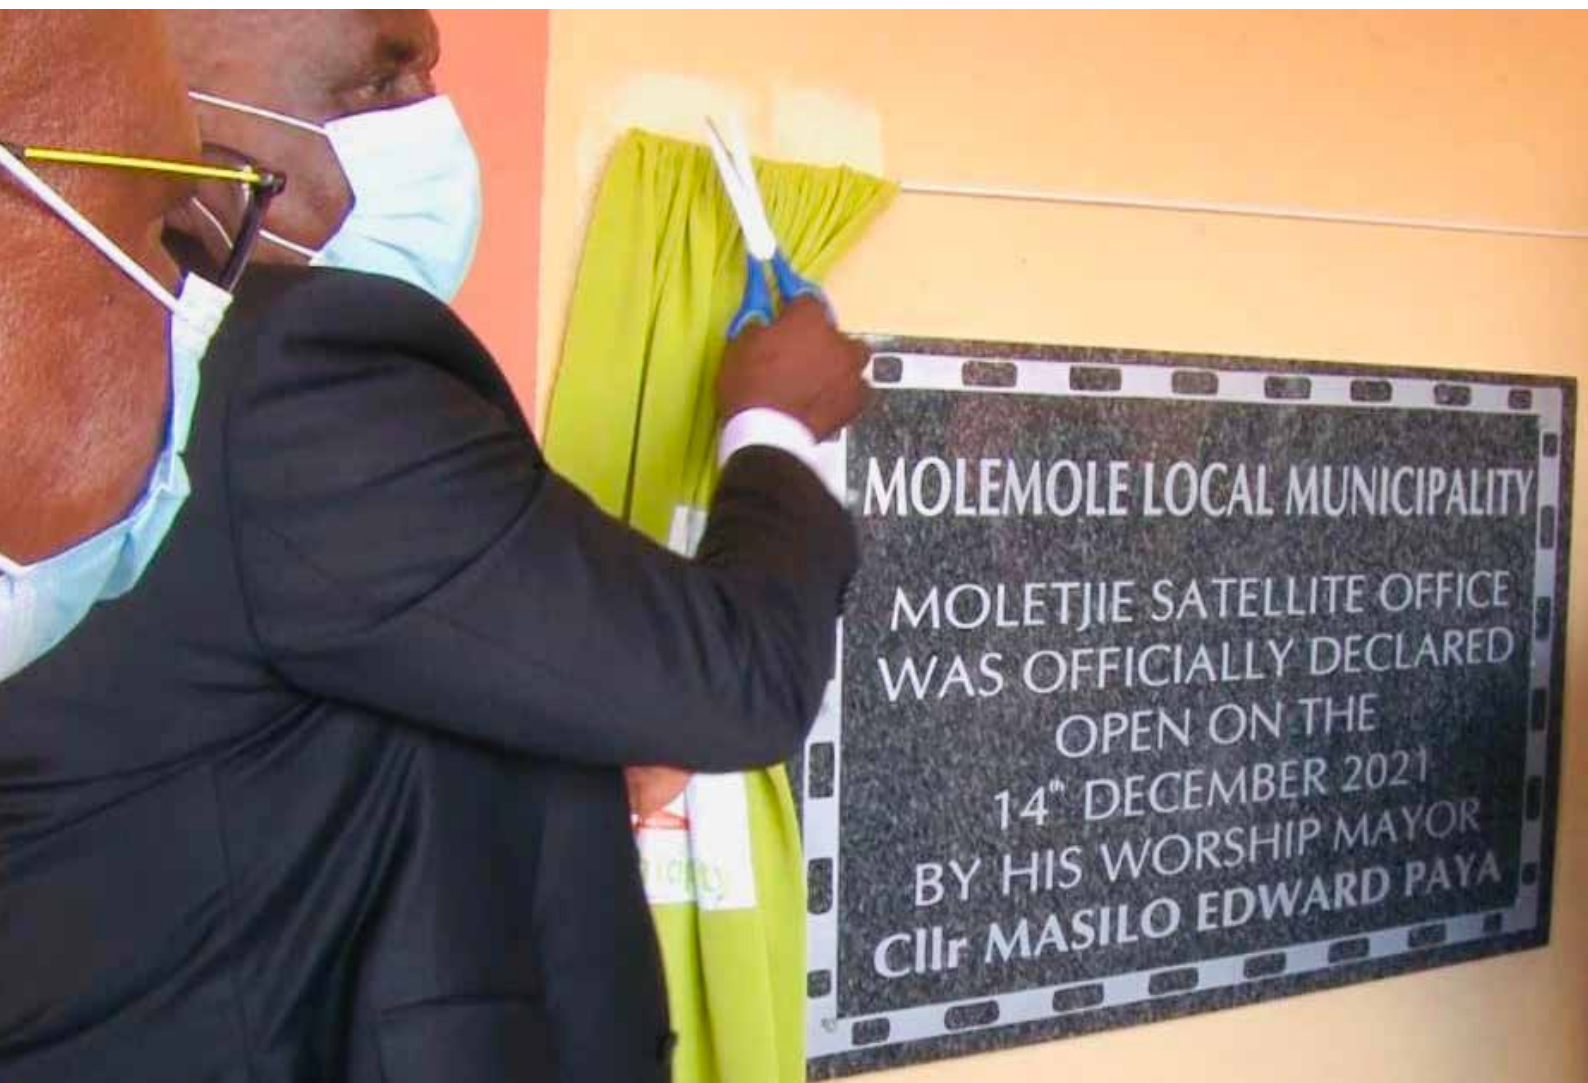

He added that the public must remember that delivery of basic services is municipality's main business; so all stakeholders, community, municipal entities, departments and businesses must consider at increasing their resilience.

Molemole Local Municipality is pulling no punches when it comes to the provision of basic services to its residents. This comes after a call made by the people of Wards 10, 14, 15 & 16 for the municipality to build this office, to ensure they access basic services much closer to home. The Mayor is grateful to Kgoši Kgabo Moloto III (wa boraro) of Moletjie Tribal Authority, for donating this piece of land to the municipality. "This is much considerate and caring for our people – Re tloga re leboga Mohlaloga", said the Mayor.

Cllr. Paya calls on the residents of Wards 10, 14, 15 & 16 to take care of this office, which was specifically built to serve them. There will be a team of officials that will be taking care of various service delivery needs such as - proof of residences, reports on water challenges, grading and road maintenance.

Mayor, Cllr. Masilo Edward Paya wished the residents of Molemole and all the visitors a Merry Christmas and a Prosperous 2022. The municipality will be providing all essential services during the festive season. Residents are advised to report all problems related to any of the services to their Ward Councilors. May 2022 bless you with excellent health, wealth and happiness.

## MOLEMOLE FLIES FLAG HIGH AT SALGAS

The municipality's outstanding performance in 100% MIG (Municipal Infrastructure Grant) Spending, Sustaining Unqualified Audit Opinion as well as exceptional participation in the Municipal Finance and Fiscal Policy between 2016 and 2021 has set the municipality apart at the South African Local Government Awards.

Every year, SALGA hosts an award ceremony to celebrate the achievements of Local Government and individuals who strive to go the extra mile. Over the past six (6) years, Molemole Local Municipality has maintained an Unqualified Audit Opinion which has in return scored the municipality three (3) awards at the Municipal awards held at Meropa Casino in September.

Molemole Local Municipality Former Chairperson for Finance Portfolio, Cllr. Nakedi Seakamela, who received an appreciation certificate for the Municipal Finance and Fiscal Portfolio was delighted to receive the prestigious award. In her own words, "the certificate is a token of appreciation for having being part of the SALGA Finance Working group, making sure my municipality is counted amongst the best in terms of compliance and adhering to the Municipal Finance Management Act no. 56 of 2003 Regulations and other legislations" said former Cllr. Seakamela.

From left: Cllr. Shayi (SALGA Limpopo chairperson), Cllr Seakamela , Mrs.Zulu (CFO) and Mr. Mosena (Municipal Manager )

“The municipality is working very hard to bring efficient and sustainable service delivery to our communities”, says Mr. Maphala Mosena, Municipal manager, who led the municipality in ensuring sound and sustainable financial management and setting best practices. He added that the Municipality could not have achieved this without the full involvement and participation of our stakeholders, who never missed any of the various meetings held.

Mayor, Cllr. Masilo Edward Paya has expressed his pride and delight in the municipality and has applauded the staff and management for their hard work, which has clearly earned them these prestigious awards. During a management meeting, Cllr. Paya, added that the awards have proved to the huge improvement in the Municipality over the past five years and should serve as motivation for more achievements.

SALGA congratulated Molemole Local Municipality finance group for their dedication and hard work towards accountable and responsible spending. These awards motivate, encourage and empower employees to perform better, to have good integrity, good ethics and always act in the interest of the public. The SALGA awards continue to motivate and ensure that our municipality is fit for purpose entity within the democratic leg of local government.

## MOLEMOLE LOCAL MUNICIPALITY MAYOR HOSTS MAGOŠI FORUM.

The Mayor, Cllr. Masilo Edward Paya met with traditional leaders on the 19th of October 2021 at the Ranch Hotel.

The aim of the session was to thank all Magoši of Molemole Local Municipality for the vital role they played during his tenure. In attendance was Kgoši Kgabo Moloto III, Kgoši Machaka, Kgoši Ratsaka, Kgoši Makgato and Provincial Chairperson of House of Traditional Leaders Kgoši Malesela Dikgale.

Mayor Paya pledged that the municipality will continue with the long-standing good relationship that it has always enjoyed with Magoši. “I am grateful to have worked together with you (Magoši) in ensuring that services are rendered to our communities, because without you it would have been difficult for the municipality to reach communities out there,” he said.

Amongst the issues of service delivery that the municipality has successfully executed, is the completion of the road linking Kgwadu Primary School to Botlokwa Primary School, Design and Construction of 1500 seater grandstand and ancillary works at Mohodi Sports Complex, Upgrading of Capricorn Park and Nthabiseng internal streets from gravel to surfacing phase 3 & 4.

**Top left:** MM Mosena, Mayor ME Paya, Cllr. Rampyapedi & Chief Whip Rathaha  
**Bottom left:** Acting kgoši Ratsaka, Kgoši Moloto III, Kgoši Machaka. Kgošigadi Makgato:

Other challenges that the municipality is facing includes lack of water. The Mayor has indicated that the new Council is faced with a mammoth task of providing basic services to the communities. He committed himself to making sure that the issues raised by the traditional leaders will be looked into by the current Council. Kgoši Moloto III commended the municipality under the leadership of his Worship Cllr. Paya. “We are very pleased to be part of this important gathering, where the Mayor is giving us feedback on issues relating to service delivery. Based on previous interactions, we now understand how the municipality operates. We understand that there are challenges, but we are happy that we are informed on how those service delivery challenges are being addressed”, said Kgoši Moloto III.

The Municipal Manager, Mr. Maphala Mosena, together with his team of Senior Managers, was given an opportunity for the presentation of certificates of appreciation to outgoing councilors. The Mayor presented the certificates to all the outgoing councilors. He thanked them for their dedication in ensuring that, council functions in taking resolution that provide critical services to the communities.

Cllr. Paya thanked the traditional leaders for their availability and full participation in the discussions. “We know that traditional leaders are very busy but the fact that you have decided to put everything aside to come and attend this important meeting is a step forward to service delivery.”

## MAYOR HANDS OUT FOOD PARCELS TO THE DESTITUTE COMMUNITIES OF MOLEMOLE LOCAL MUNICIPALITY.

As part of the outreach programme, the Mayor of Molemole Local Municipality, Cllr. Masilo Edward Paya, handed out food parcels to destitute families within the jurisdiction of our municipality. Such families, the needy and destitute, were identified by Ward Councillors.

With the help from one of the biggest banking institutions in South Africa, Nedbank, through its social responsibilities, facilities were made available to enable the municipality to take care of the destitute within its jurisdiction. The Mayor was able to hand out the food parcels to about one hundred (100) needy families in all the wards of the municipality, whose households were affected by the Covid-19 pandemic. “It is our take as the leadership of the municipality that it is critical and of utmost importance for banks not to be known for only charging us to banking with them, but that they are also involved in the eradication of poverty by helping those in need. We salute Nedbank and hope and believe that other such institutions and many others will come on board and be part of this municipality in its programs meant to provide for the destitute”, said Mayor Paya.

To many of these families, it was an early Christmas present and they were grateful to the municipality for having identified them as recipients of the food parcels. All the Ward Councillors and other officials accompanied the Mayor in the execution of this good and noble course.

“I do note the negative reality of many people who have been affected by this unforeseen pandemic. Even though most industries have returned to normal operation, the need for assistance remains even under level one as per the Disaster Regulations, and we have filled in the gaps wherever possible through the distribution of food relief to residents in need,” said Paya.

He says the municipality is working hard to drive local economic recovery and will need the support of the residents and other stakeholders in this drive to accomplish it.

“We overcame the worst of the Covid-19 pandemic together, but we cannot become complacent. As we work towards rebuilding our economy and lives, continued recovery depends on all of us; our responsibility is not over yet. It is vital that we continue to take the necessary precautions,” he said.

# MOLEMOLE MUNICIPALITY MASS VACCINATION OUTREACH PROGRAMMES

With the rise in the availability of the COVID-19 Vaccines, communities in the Molemole Local Municipality can now roll their sleeves up for a job conveniently. This follows the successful launch of Covid-19 Vooma vaccination awareness campaigns locally.

As one of the Social Mobilization and Demand Creation approaches of the Limpopo Department of Health COVID-19 Vaccination Rollout strategy stipulates, vaccines need to be made accessible as much as possible. The municipality has heeded the call and has hit the ground running with numerous outreach programs in and around the Molemole area to make sure that majority of the population is well informed and confident enough to get vaccinated.

As part of the initiative, the Mass Vaccination Outreach Programmes in partnership with the Limpopo Department of Health held at the Botlokwa & Soekmekaar Taxi Ranks, showed great success and turnout, much to the Mayor's satisfaction. Although the municipality had already been playing a major role in carrying out the vaccine swiftly with the recent vaccination of the Mayor, Cllr. Masilo Edward Paya together with the Political Management Team (PMT) earlier this year, the journey to mass vaccination continues.

Molemole Local Municipality, the Limpopo Department of Health and various stakeholders have joined hands, to ease the mass vaccination process and have, with the call of the Limpopo MEC of Health, Dr. Poppy Ramathuba, expanded the vaccinations to primary health care facilities. As a result, Mohodi, Ga-Ramokgopa and Matoks Clinics have been declared permanent vaccination sites since September already. Citizens are now able to produce their Identity Documents, register onsite and immediately get their vaccine. This expansion is expected to positively contribute to the rise in vaccines which will eventually lead to our people being immune to the virus and ultimately fighting it off in case of infection.

Municipal Manager, Mr. Lazarus Mosenza encourages all staff and community members to be inoculated as about 90% of its staff, including senior staff members have already been vaccinated. Vaccines continue to reduce a person's risk of contracting the COVID-19 virus and are highly effective in reducing hospitalization and fatalities. This though, does not substitute the need for a mask that covers both the mouth and nose as well as frequent hand washing with a soap and constant sanitizing. Mayor Paya, will continue to carry out his mandate to initiate, monitor and support drives and programs in the vaccination processes within the Molemole Local Municipality.
