1. It is recognized that, in exceptional cases, an accounting officer of a municipality or municipal entity may deem it necessary to expand or vary orders against the original contract.
2. The expansion or variation of orders against the original contract has, however, led to wide scale abuse of the current SCM system.
3. Furthermore, anything beyond the abovementioned thresholds must be reported to council.
4. Any expansion or variation in excess of these thresholds must be dealt with in terms of the provisions of section 116(3) of the MFMA which will be regarded as an amendment to the contract.
5. The contents of the above paragraph are not applicable to transversal term contracts, facilitated by the relevant treasuries on behalf of municipalities and municipal entities and, specific term contracts.
