1. MANDATE AND PURPOSE

Molemole Municipality has established a risk management unit, in the Office of the Municipal Manager, in accordance with section 62 (1) (c) of the Municipal Finance Management Act (MFMA) of 2003 which requires that the Accounting Officer of the Municipality ensures that the municipality / entity has and maintains effective, efficient and transparent systems of financial and risk management and internal control.

This document sets out the annual risk management implementation plan for the municipality.

2. OBJECTIVE

The primary objective of risk management implementation plan is to facilitate the execution of risk management. The risk management implementation plan for the Institution was prepared to give effect to the implementation of the risk management policy and strategy and sets out all risk management activities planned for the 2024/25 financial year.

3. APPROACH

The development of the risk management implementation plan has taken into consideration the approved risk management policy, the risk management strategy, available resources, urgency, quick wins and sustainability.

Within the risk management framework, risk prioritisation provides the link between risk assessment and risk control. Risks assessed as key risks will be introduced and managed within the control major-process.

Depending on the results of the risk analysis performed, risks will be prioritised for the municipality and per component.

The prioritised risks will inform both the scope of the audit committee and risk management committee. Both these support structures will primarily focus on the risks assessed as high, medium and low successively.

4. ROLES AND RESPONSIBILITIES OF THE RISK MANAGEMENT OFFICER

4.1 Develop risk management implementation plan of the Municipality;

4.2 Works with senior management to develop the overall enterprise risk management vision, strategy, policy, as well as risk appetite and tolerance levels for approval by the Accounting Officer;

4.3 Communicates the risk management policy, strategy and implementation plan to all stakeholders in the institution;

4.4 Continuously driving the risk management process towards best practice;

- 4.5 Developing a common risk assessment methodology that is aligned with the institution's objectives at strategic, tactical and operational levels for approval by the Accounting Officer;
- 4.6 Coordinating risk assessments within the Municipality/ component / sub-component as outlined in the policy;
- 4.7 Sensitising management timeously of the need to perform risk assessments for all major changes, capital expenditure, projects, Municipality's restructuring and similar events, and assist to ensure that the attendant processes, particularly reporting, are completed efficiently and timeously
- 4.8 Assisting management in developing and implementing risk responses for each identified material risk;
- 4.9 Participating in the development of the combined assurance plan for the institution, together with internal audit and management;
- 4.10 Ensuring effective information systems exist to facilitate overall risk management improvement within the institution;
- 4.11 Collates and consolidates the results of the various assessments within the institution,
- 4.12 Analyse the results of the assessment process to identify trends, within the risk and control profile, and develop the necessary high level control interventions to manage these trends;
- 4.13 Compiles the necessary reports to the Risk Management Committee;
- 4.14 Providing input into the development and subsequent review of the fraud prevention strategy, business continuity plans occupational health, safety and environmental policies and practices and disaster management plans; and
- 4.15 Report administratively to Accounting Officer and functionally to Risk Management Committee.
